Webinar: 2014 Update on the Chinese Cosmetic Regulatory Environment

Date: November 20, 2014
Event start time: 10:00am
Location: Your Office

[Upcoming Shows](#)

[Online Store](#)

The Chinese regulatory environment has had a lot of changes in 2014 including the creation of an Inventory of an Existing Inventory of Cosmetic Ingredients in China (IECIC) and new notification requirements for domestic non-special cosmetics. The 2014 Update on Chinese Cosmetic Regulatory Environment Webinar will provide you with an overview of China's cosmetic regulatory system, the recent regulatory changes and its impacts on imported cosmetic products as well as opportunities in "Cross Border E-Commerce."
